

# CCNH THEATRE

**ACCESS:** The space is wheelchair accessible, with a ramp available for use curbside (the street is made up of cobblestones), an elevator, and accessible restrooms.

**STAGING:** Hardwood, flat smooth stage with about 33'6"x32' of play space.

**SEATING:** 110 seats on risers.

**LIGHTING:** Includes 41 Source Four bodies, 16 PARs for house lights, and 12 fixtures.

**PROJECTIONS:** Ceiling mounted digital projector in theater grid, projects to large white muslin screen revealed behind a black curtain.

**SOUND:** Two passive mains and a subwoofer mounted in rep, with additional speakers available outside of rep. Up to 7 Shure vocal mics with mic clips, and 2 Audio Technica condenser mics with clips, and 2 DI boxes.

**BACKSTAGE:** Shared, small green room with three bathrooms.

**STAGE MANAGER:** SM provided to run lights, sound, and projections for all tech and performances. All cues run through QLab.

**STORAGE:** Limited storage space is available underneath risers and in a few additional locations on the theatre level.
