

# LIBERTY LANDS OUTDOOR STAGE

**ACCESS:** This fully outdoor, uncovered venue is accessed via grass and uneven terrain, and may be inaccessible or challenging for mobility devices. This space is only available for weekend performances (Friday, Saturday, and Sunday), which will be rescheduled whenever possible in the event of inclement weather. Shows at this venue must be “family friendly” and/or community oriented. There is no ticketing at this venue. All performances are free/pass the hat.

**STAGING:** Play space is a ~25' x 14' raised, wood composite stage (stage shape narrows as it goes back imitating a “rake”). Grass lawn in front of stage can also be used for performance.

**SEATING:** Very flexible capacity. Very minimal seating will be provided; audiences can bring chairs/blankets.

**LIGHTING:** Daylight performances only, no additional lighting provided.

**PROJECTIONS:** Not suited for projections.

**SOUND:** The stage will have a PA system, sound mixer, wired and wireless microphones. The grass area will have battery-powered bluetooth speakers for amplified sound.

**AERIAL RIGGING CAPABILITIES:** Possible with freestanding rig (20' Ludwig quad rental available).

**BACKSTAGE:** A covered “backstage” area (one shared 10x10' tent) is available upon request.

**STAGE MANAGER:** SM provided to sound for all tech and performances through QLab.

**STORAGE:** Storage will be available for 1-2 Ikea bag sized containers per artist inside a temporary storage box at the park. Everything will be loaded in and out every day.
